Energy and Resources
Renewable Energy and Storage

EDUCATION

University of Notre Dame Law School,
J.D., 2023
LGBT Law Forum, President
Vanderbilt University, B.A., 2019

BAR ADMISSIONS

Colorado

Kayleigh's practice is focused on the regulation of utilities and electric markets, energy development, and environmental and natural resources litigation. Clients benefit from her pragmatic approach to multifaceted issues, including navigating permitting obstacles, addressing environmental quality concerns, and defending project approvals and operations.

Kayleigh represents clients in administrative proceedings and disputes in an ever-changing regulatory environment. Her clients include energy consumer associations, energy developers, and entities subject to or threatened with regulatory oversight.
