

Lauren Borton

Patent Agent

LRBorton@hollandhart.com

Lauren is a patent agent who assists clients in drafting and prosecuting patent applications for a broad range of complex technical areas.

Lauren specializes in electronic and computer-related arts, collaborating with clients to manage and protect their patent portfolios. She conducts technical standards-based analyses, prepares and evaluates technical claim charts, and serves as a contact for in-house counsel, inventors, and others to provide guidance on patent preparation and prosecution in the US and internationally. Lauren has experience facilitating invention harvesting discussions with inventors, ensuring continued protection and strategic prosecution of resulting applications. Additionally, she helps oversee the patent group's onboarding and training program.

PRACTICES

Patent Preparation, Prosecution, and
Counseling
Intellectual Property
